

# WEEK 4 ASSIGNMENT

Company X is one of the top cybersecurity consulting organizations in Nigeria. They currently manage clients in Finance and Healthcare sectors.

Six week ago, they onboarded a new client, Company Y - A telehealth company with a business goal to expand to 70 countries around the world.

You have been hired as a Risk Analyst to identify ten (10) key risks associated with this expansion. In an excel sheet, carefully outline 10 cyber risk scenarios and predetermine the severity levels. Additionally, identify steps that can be taken to mitigate the identified risks.
